Topper IIM-Ahmedabad
Principal at
The Blackstone Group

WHAT MAKES RN CLASSES DIFFERENT?

21 years ago, an IIT Kanpur alumni along with his wife envisioned a concept of wholesome education and thus, the School of Mathematics came into being with the aim of nurturing young minds and motivating them to be different. We want each one of our students to believe in the simple and accomplish the complex. We follow a systematic regime of teaching from the prescribed textbooks. This is quintessential in the formation of the foundation on which the luminous future has to be built on. Our teachers attend daily seminars supervised by RN Sir himself who believes that his pedagogy must be passed onto the posterity. The success of our school depends on holistically enlightening our students and the conventionality of the methods inspired by Swami Vivekanand's philosophy. The objective of this institute is to make a difference in a student's life. We don't want them to just qualify IIT-JEE entrance, in fact we want them to dream. We want our students to take up one idea and make it their life. Let the idea consume you, obsess over you. We want to awaken the passion, the rigour, the desire to do something, to be something.

RN Sir says :

'My axiom has been to create a balance between basic and competition level which have led to all-round result in both JEE-MAIN as well as JEE-ADVANCED.

Here, love for mathematics is cultivated and not forced on the students.

I have envisioned to create an environment where all students enjoy mathematics, understand the essence of it. The drive to break the barriers of redundant teaching methods have not been easy. I want to provide my students with an atmosphere where they can dream, where they can be passionate about something.

This quest is far from over yet. In fact, it has just started. I plan to pass my teaching methodology to the aspiring teachers who are pertinacious enough to embark on a journey to make a difference in the field of philosophy of mathematics.

I believe that anyone can do anything & everything.

We don't TRAIN students, we EDUCATE them.'

ACADEMIC SESSION 2017-18

CLASS XII

- Integrated one year program for XII students.
- Admission Criterion: 'A' grade in Mathematics in Class X (SA I+SA II)
- Batch Schedule:

Mon - Wed - Fri	3.30 PM	CHD
Mon - Wed - Fri	6.15 PM	CHD
Tue - Thu - Sat	1.00 PM	CHD
Mon - Wed - Fri	4.00 PM	PKL
Tue - Thu - Sat	4.00 PM	PKL
- Batch allotment test on 08-01-2017 at 11.00 AM only for admitted students.
- Syllabus: Class XI CBSE level
- Pattern: Subjective
- Regular Tests on Sundays at 4:PM in CHD & PKL

CLASS XI

- Integrated one year program for XI students.
- Admission Criterion: 'A' grade in Mathematics in Class X (SA I)
- Batch Schedule:

Tue - Thu - Sat	3.30 PM	CHD
Tue - Thu - Sat	6.15 PM	CHD
Mon - Wed - Fri	1.00 PM	CHD
Tue - Thu - Sat	4.00 PM	PKL
Mon - Wed - Fri	4.00 PM	PKL
- Batch allotment test on 15-01-2017 at 11.00 AM only for admitted students.
- Syllabus: Class X (SA II Full Course) CBSE level
Class X (Full Course) ICSE level
- Pattern: Subjective (Separate tests for CBSE & ICSE students)
- Regular Tests on Sundays at 4:PM in CHD & PKL

CLASS X

- CBSE/ICSE cum Foundation Course for Class X students.
- Admission Criterion: 'A' grade in Mathematics in Class IX (SA I)
- Batch Schedule:

Tue - Thu - Sat	6.15 PM	CHD
Mon - Wed - Fri	3.30 PM	CHD
(Only for ICSE Students)		
Tue - Thu - Sat	4.00 PM	PKL
- Regular Tests on Sundays at 4:PM in PKL & at 6:PM in CHD.

CLASS IX

- CBSE/ICSE cum Foundation Course for Class IX students.
- Admission Criterion: 'A' grade in Mathematics in Class VIII (SA I)
- Batch Schedule:

Mon - Wed - Fri	6.15 PM	CHD
Tue - Thu - Sat	3.30 PM	CHD
(Only for ICSE Students)		
Mon - Wed - Fri	4.00 PM	PKL
- Regular Tests on Sundays at 4:PM in PKL & at 6:PM in CHD.

*Education is not the learning of facts,
but the training of the mind to think*

- Albert Einstein
